TEMPERATURE REMINDER

October 2026

As temperatures begin to cool, keep an eye on the weather and adjust your HVAC settings as needed. When turning on your heat for the first time this season, you may notice a slight burning smell as accumulated dust burns off. This is typically temporary and should fade after initial use.

If the smell is strong, persists, or you notice smoke, turn off your heat immediately and contact the office or emergency maintenance for assistance.

Let's keep Halloween safe and fun for everyone! Children should always be supervised and accompanied by an adult while trick-or-treating. Choose costumes that fit properly and include bright or reflective elements for better visibility, and don't forget a flashlight or glow sticks!

Please note that our office does not coordinate or plan community-wide trick-or-treating. If you are interested in participating, we encourage you to connect with your neighbors to make arrangements. We wish everyone a safe and fun Halloween!

SMOKING REMINDER

Please smoke at least 25 feet away from the building. Smoking inside your apartment is strictly prohibited. Thank you for keeping our community safe and clean!

PEST CONTROL

You must notify the leasing office immediately if you experience any pest issues. Early reporting helps us address problems quickly and keep our community comfortable for everyone.

PET ETIQUETTE

We love our furry residents and want everyone to enjoy a safe and clean community. Please remember to keep your dog on a leash at all times while walking around the property and be courteous to your neighbors by picking up after your pet. Pet waste stations are conveniently located throughout the community for your use.

WE OFFER FLEX

We offer Flex as a convenient way to help make rent payments more manageable. Eligible residents can access and set up Flex directly through the Resident Portal for added flexibility when paying rent.
